

LET APEX SIZE & SELECT YOUR REPLACEMENT GEARBOX

What do you do when your legendary DODGE gearbox needs repair or fails?

- Order Expensive Replacement Parts from your National Chain Distributor?
- Pay for Extensive Repair
- Lose Valuable Production Time?

Or call APEX and SAVE Thousands of Dollars?

By allowing APEX to SIZE, SELECT & QUOTE you for a Replacement DODGE Quantis, Baldor Motor & Drive Package which will:

- Cost Less
- Operate More Efficiently
- Shorten Downtime

Start SAVING by Calling APEX Today!

Apex also offers our customers access to trained Design Engineers and Field Maintenance Technicians that can design, fabricate and install transition bases for these legendary gearboxes to today's more compact, energy efficient gearboxes
